Rishi Prasad Nepal

From Guide To Owner

Starting out as a humble tour and trek guide, I was lucky enough to learn the ins and outs of the travel business in Nepal. Upon gaining enough experience I founded Encountersnepal.com to provide a better service in the Himalayas, while maintaining Eco-friendly trips.

Outdoor Enthusiast

My home village, located in a remote area is where I found my first love for the outdoors and Himalayas. It was at a young age that I started to guide and learn all the trails in Nepal. Even as owner I enjoy accompanying my guests on treks and trips!

POLICY

Environmentalist

The environment is a great topic for me! As owner of a trek and tour company in Nepal I made it a policy of leaving zero waste behind during any trip and encourage my guests to refrain from using plastic bottles etc. .
